ROC NW Joins ROC USA to Build a Picnic Area

The staff of [**ROC NW**](#), a project of NWCDC, attended a week-long development conference in Missoula, Montana with the national [**ROC USA**](#) staff and CTAPs from around the nation to share strategies and learn from each other. Topics of discussion included **Property Management**, **Teamwork**, **Emergency Preparedness**, **Post-Purchase Training** and **Membership Involvement**.

The high point of the conference involved getting out of the conference room and traveling about an hour north to the Northwood Community on the Salish and Kootenai Tribes' Reservation, became a resident-owned community in November 2014. The participants of the conference pitched in and help build a picnic area for the 44-unit

community, which garnered local media attention.
